From 1:00-4:00 we provide therapeutic social groups at our clinic. Clients have the option of remaining at their school location or joining Select Care groups for the afternoon.
- Preschool classes our clients join range from 10-18 students. Our social groups have 3-6 clients . Rati of support staff are based on what's clinically optimal for each individual client. Typically 9:15-3:00 - extended

hours may be available on a case by case basis. Ratio varied based on clients' specific clinical need

Other Information:

Preschool age children who demonstrate developmental delays across domains. We strive to create a holistic and nuanced treatment plan, by gaining an in depth understanding of the child and the challenges, so that the therapy plan can be comprehensive and intuitively targeted. A developmental relationship-based approach is utilized. Developmental deficits are prioritized based on its interference with the child's (and families) quality of life. Goals are broken down to nuanced steps to systematically build a robust behavior skills repertoire.
